

string

iostream

tty.h

```
graph BT; tty_h[tty.h] --> string; tty_h --> iostream;
```

A diagram illustrating dependencies. At the bottom is a black rectangular box labeled 'tty.h' in white text. Two blue arrows originate from the top corners of this box. The left arrow points diagonally upwards and to the left, terminating at the bottom center of a white rectangular box labeled 'string'. The right arrow points diagonally upwards and to the right, terminating at the bottom center of a white rectangular box labeled 'iostream'. Both the 'string' and 'iostream' boxes have thin grey borders.
